Your Third Party Logistics Provider

Aquantuo operates as an international shipping and third party logistics provider, offering customized cross-border e-commerce, fulfillment, shipping and logistics solutions to Africa for individuals, small and large businesses.

Core Logistics Solutions

Global Sourcing & Consolidation

We eliminate supply chain disconnects by combining your packages into a single, cohesive shipment. Reduce dead space, maximize cost-effectiveness, and avoid premium shipping surcharges with our consolidated freight services.

Customs & Regulatory Clearance

We manage complex regional regulatory documentation, commercial invoicing, and tax clearances. Our specialized in-house brokers ensure seamless cross-border handoffs and completely stress-free arrivals.

Shipping from USA to Ghana

Reliable Transatlantic Shipping

Aquantuo delivers specialized container freight and rapid air transport lanes, facilitating reliable door-to-door transit directly to your home or office in Ghana.

USA Address Provision: Ship purchases from online retail giants directly to your unique, tax-free Aquantuo USA warehouse.

Buy For Me Concierge: Hand over order processing to our dedicated team. We handle procurement, purchasing, and shipping.

Transit Channels Comparison

Channel Aspect	✈️ Air Freight Services	🚢 Sea Freight Services
Typical Transit Times	8 to 12 Business Days after payment	8 to 10 Weeks from ship out date
Pricing Metrics (USA)	$13 / KG (Minimum chargeable weight applies)	$19.83 / Cubic Feet (CFT)
Customs Handling	Fully cleared by Aquantuo at Kotoka Terminal	Detailed customs clearance handled at Tema Port
Best Suited For	High-value electronics, fragile parcels, urgent stock	Heavy machinery, bulk trade goods, commercial loads

Warehousing and Fulfillment Services

Bypass expensive infrastructure investments and reduce warehousing risks. Securely manage, pick, pack, and distribute your physical items with Aquantuo's dedicated 3PL logistics networks.

Strategic 3PL Logistics Advantages

- **Overhead Mitigation:** Bypass commercial real estate costs and long-term storage facility lease liabilities.
- **Tax-Free Sourcing:** Avoid extra costs from state sales taxes when using our strategically located USA address.
- **Prompt Door Delivery:** Dispatch packages to final destinations rapidly with integrated domestic couriers.
- **Real-Time Stock Precision:** Maintain complete visibility over stock counts and shipment status through our digital portal.
- **Dynamic Scalability:** Flexibly scale your warehouse footprint up or down based on seasonal volume changes.
- **Local Compliance:** Stay confident while our experienced teams navigate complex customs frameworks for you.

Advanced Modern Warehousing

3PL Logistics Services

Our secure and compliant storage structures are built for high-efficiency item management. We offer climate-controlled, secure warehouses located in commercial hubs, ensuring items are positioned for faster dispatch.

We manage retail distribution inventory, handle heavy commercial loads, and process e-commerce orders on demand, boosting your supply chain responsiveness.

Consistent Performance Metrics

100%

Integrated Shipping Tracking

Complete Transparency

With our advanced digital order tracking, you will always be updated on status adjustments. Track exact transit milestones from our warehouses to domestic endpoints in Ghana.

We ensure a reliable delivery timeline, giving your enterprise peace of mind, eliminating middleman communication blocks, and lowering commercial shipping rates.

Third Party Logistics in Ghana

Third Party Fulfillment Companies

Growing a regional footprint requires localized logistics. For e-commerce and retail brands, we operate as one of the trusted third party fulfillment companies in ghana.

From local delivery and courier logistics to cash on delivery (COD) collection and reconciliation, we manage the last-mile pipeline so you can stay focused on core growth.

The Fulfillment Process

1. Receive

Inventory is received at our secure facility, verified, and safely cataloged.

2. Order Hit

System integrations automatically process incoming orders and generate pick lists.

3. Pick & Pack

Our skilled warehouse operators pick and securely package your products.

4. Delivery

Domestic couriers deliver to the doorstep, managing COD collection when required.

Optimize Your Logistics Flow

Simplify your global supply chain with Aquantuo's specialized 3PL and shipping solutions.
